## RETIRE FROM THE CABINET

### THREE BRITISH OFFICIALS RESIGN.

Secretaries Chamberlain, Hamilton and Ritchie Present Their Resignations Which are Accepted by King Edward.

London, Sept. 17.—The resignations of Joseph Chamberlain, as secretary for colonies; C. T. Ritchie, chancellor of the exchequer, and Lord George Hamilton, secretary for India, were officially announced this evening. King Edward has accepted the resignations.

London, Sept. 17.—The Associated Press learns Chamberlain has decided to resign from the cabinet on the ground Balfour's attitude on the fiscal question is not sufficiently advanced to enable Chamberlain to remain a member of the government without sacrifice of his own views.

According to information conveyed to the Associated Press the resignation is quite likely to be announced within a day or two, but may be postponed until Balfour has an opportunity to make the promised public announcement Oct. 1. There is just the least chance the king, in private capacity, may avert what is now declared to be inevitable. Chamberlain's resignation is almost certain to cause an appeal to the country, Balfour being thus left without the support of either protectionists or free traders.

Official announcement of the resignations of Chamberlain, Ritchie and Hamilton, members of the cabinet, and the announcement by the Associated Press earlier in the day, was made late to night. Accompanying the announcement was correspondence which passed between Balfour and Chamberlain. Chamberlain's letter sets forth the reasons for the resignation. He said that at present at least a preferential agreement with the colonies involving a new duty on food would be unacceptable to a majority of constituencies. He therefore feels this policy can not be pressed at present with any hope of success. Feeling that he occupies a different position on this matter as well as on the question of closer union with colonies, he thinks he should justly be blamed if he remained in office and thus formally accepted exclusion from his political program of so important a part.

In conclusion Chamberlain says: "I think that with absolute loyalty to your government and with no fear of embarrassing it in any way, I can best promote the cause I have at heart from the outside, and I cannot but hope that in a perfectly independent position my arguments may be received with less prejudice than would attach to those of a party leader. Accordingly I would suggest that you limit the present policy of the government to the assertion of our freedom in case of all commercial relations with foreign countries and that you should agree to my tendering my resignation of my present office to his majesty and devoting myself to the work of explaining and popularizing those principles of imperial union, which experience has convinced me are essential to our future welfare and prosperity."

Balfour in his reply says: "Agreeing as I do with you that the time has come when a change should be made in the fiscal canons by which we bound ourselves in our commercial dealings with other governments. It seems paradoxical, indeed, that you should leave the cabinet at the same time that others of my colleagues are leaving it, who disagree on the very point with you both."

Balfour agrees with Chamberlain that "a closer fiscal union between the mother country and colonies would benefit the trade of both and that if such a closer union could be established on fitting terms it advantage to both parties would increase with years and as the colonies grew in wealth and population." He says also that if there ever has been any difference between himself and Chamberlain on this matter it has been with regard to its practicability. Balfour agrees with Chamberlain public opinion is not yet ripe for taxation of food stuffs. "The reason," he says, "may easily be found in past political battles and present political misrepresentations. If, then, this branch of fiscal reform is not at present within the limits of practical politics, you are surely right in your advice not to treat it as indissolubly connected with that other branch of fiscal reform to which we both attach importance and which we believe the country is prepared to consider without prejudice."

He regrets Chamberlain should regard this conclusion as one making it difficult for him to remain in the cabinet, yet he would not venture objection if Chamberlain thought he can best serve the interests of imperial unity. "The loss to the government is great indeed," says Balfour, "in closing, but the gain to the cause you have at heart may be greater still. If so, what can I do but acquiesce?"

London, Sept. 18.—Editors in government organs this (Friday) morning practically recognize the certainty of Chamberlain's resignation, while admitting Chamberlain has gained a brilliant triumph by winning Balfour over to his

## THE PRESIDENT AT ANTIETAM

### PARTICIPATES IN UNVEILING OF MONUMENT.

The State of New Jersey Honors Her Heroic Dead—Rain Storm Interrupts Inspection of Historic Battlefield.

Sharpsburg, Md., Sept. 17.—Under lowering skies the magnificent monument erected on the historic battlefield Antietam by the grateful state of New Jersey to its men who fell in the great engagement, was dedicated today. The occasion was rendered particularly notable by the presence at and participation in the ceremonies of the president of the United States and Governor Murphy, chief executive of New Jersey. The special train carrying the president, Murphy and party arrived here at 9:10. Governor Murphy was accompanied by several prominent state officials and the entire military staff. Special trains bearing nearly a thousand New Jersey survivors of the civil war arrived just after the presidential train. The trip of the president from Jersey City was devoid of special incident.

At ten the president and Governor Murphy, accompanied by Senators Keen and Dryden, of New Jersey, and hundreds of citizens, left Sharpsburg station for the famous old Dunkard church on the battlefield of Antietam. There veterans were formed in columns of four and escorted the president and distinguished guests to the monument. On behalf of the state of New Jersey Murphy accepted the monument in a short address and Roosevelt accepted the monument on behalf of the federal government.

While Roosevelt was speaking rain began to fall in torrents. The stand had a canvas cover, but the water went through it as if it were sieve. A bystander offered to hold over his umbrella, but the president waved it aside, remarking, "I don't care for it. If (indicating the assemblage) they can stand it I can." At the conclusion of the address the president held an informal reception in the rain, shaking hands with several hundred ex-soldiers. The drive over the Park's battlefield was abandoned on account of the storm. The president returned to his train immediately after the ceremonies.

This afternoon the rain ceased and the president and party visited various points of interest on the historic field. The president was the guest of Governor Murphy at dinner. At 9:30 the president's train left Sharpsburg and is due to arrive at Jersey City at six to-morrow morning.

**FATALLY SCALDED**  
East St. Louis, Sept. 17.—Moses Hart, Louis Brooks and Charles Ronke, employees of the Swift Packing company, were fatally scalded to day by falling into a vat of boiling water. They were literally parboiled and when taken out pieces of flesh came away with the clothing as it was removed.

**AFTER A MURDERER**  
Bladen, Neb., Sept. 17.—Three sheriffs and 150 citizens pursued Thomas Madison for twenty-seven miles through corn fields this afternoon and are continuing the pursuit to night, with good prospects of lynching should the fugitive be caught. Madison had breakfast with a niece near Inavay. He told her he had a fight and had beaten a man badly and that officers were looking for him. Madison is wanted in connection with the murder of Mrs. Elsie Payne, her daughter and granddaughter, near Red Cloud weekday night.

**FIERCE FIGHTS**  
St. Petersburg, Sept. 17.—Fierce fights between Jews and Christians, in which four Christians and two Jews were killed and many persons seriously injured are reported from Gomel, in the government of Moghilev. The disturbances arose Sept. 11, from a dispute between a peasant and Jewish dealer. Police intervened and according to the version published here Jews threw stones and fired on the police, several of whom were injured.

**FAMILY POISONED**  
LaCrosse, Wis., Sept. 17.—The entire family of seven of Wm. Groven, near Galesville, were poisoned eating canned minced ham. A child is dead and the rest of the family in a serious condition.

**BRAEBMAN KILLED**  
Duluth, Minn., Sept. 17.—A brakeman named Kline, of Bennett, Minn., was killed and two men injured by the explosion of a locomotive at Birch on the Mesaba road to day.

**LIPTON'S CONDITION**  
Chicago, Sept. 17.—Dr. Thomas Lipton, who is ill of catarrhal appendicitis at the auditorium, passed a quiet night and is doing well according to a statement made by physicians this morning.

**ATE POISONED ICE CREAM**  
Rochester, N. Y., Sept. 17.—Four two men, women and children were poisoned from eating ice cream at a church carnival in Batavia, Ontario county.

## SOLE SURVIVOR

### Only one Man Saved of a crew of Twenty-two

Norfolk, Va., Sept. 17.—The British S. S. Rosby, Captain Shield, which arrived here this morning from Port English, has on board Domingo Ballo Poyarberry, sole survivor of a crew of twenty-two men on the British S. S. Montezuma, which foundered off the Florida coast Tuesday night. Poyarberry caught a piece of wreckage and managed to keep up until he was seen yesterday morning by the Rosby and rescued.

## GERMANY'S ATTITUDE

Berlin, Sept. 17.—Chancellor von Buelow, outlining the attitude of Germany toward South America, in an interview with the correspondent of a Brazilian newspaper said: "We have no political claims. Commercially we shall strive for such a place as our industry deserves. Trade relations are to be furthered through peace and confidence and not through fear and mistrust. I hope the conviction of our friendly sentiments towards South America will not be shaken by calumnious utterances."

**PROSPECTORS STARVING.**  
Portland, Ore., Sept. 17.—If reports be true there are thirty prospectors dying of cold and starvation at East Cape Behring sea. Ole Johnson, a Dane, member of a crew of a Danish ship just arrived at Seattle from Alaska, has made formal charges against the captain of the ship for having abandoned a man named Nelson and twenty-nine others on the shore of East Cape. He has also written to the secretary of state giving full details and asking for a relief ship to be sent at once to the rescue of the suffering men.

"These thirty men," said Johnson, "were sent ashore with the stories of wealth still ringing in their ears. As a matter of fact, the country is a barren waste. I feel certain that some of them have already perished, and others will die soon if relief does not reach them." The ship will be held until the charge is investigated.

**THE MILLER CASE**  
Washington, Sept. 17.—The Central Labor union of this city has sent to similar bodies throughout the country a resolution concerning the case of W. A. Miller, foreman of the bindery in the government printing office, who was discharged and afterwards reinstated by President Roosevelt. The resolution declares the order of the president cannot be regarded in any but an unfriendly light and urges organized labor to petition the president to modify his order "of no discrimination" and to order W. A. Miller's dismissal from the government service to promote the efficiency of that service.

**FATHERS NOT EXEMPT.**  
Chicago, Sept. 17.—"Because this child is your flesh and blood is an unmerciful excuse for making her work until her nerves are ready to break. As I interpret the law, a father is not exempt from punishment for employing his daughter fourteen hours a day. You are fined \$5 in each of the three cases against you."

This was the reply made by Justice Severance to A. Schayer, proprietor of a small clothing factory, who had declared that he would "work his daughter, Clara 14 hours each day if he wanted to."

Following this, Factory Inspector Davis will bring action against a score of other factory owners, sweat shop bosses and others who have sought to dodge punishment under the law by employing their own children.

**GENTRY DYING.**  
Lexington, Ky., Sept. 17.—Frank M. Geary, the well known and popular horseman of this city, and one of the oldest on the turf, is lying at the point of death at his home here. Physicians announce that recovery is impossible, that he will not live long enough to finish up his business affairs. He is afflicted with acute kidney trouble.

**PANA MAN KILLED.**  
Washington, Ind., Sept. 17.—George C. Summers, general foreman of the Baltimore & Ohio Southwestern car shops, stopped in front of a switch engine this morning and was cut to pieces. He was a well known railroad man, having held the position of general foreman of railroad shops at Chillicothe, Ohio, and at Pava, Ill.

**SHIPS LOST.**  
Damariscotta, Me., Sept. 17.—The schooner Sadie and Lillie, Prospect, Me., and mackerel seiner, George L. Edwards, Gloucester, were down at Pemaquid point during the night; fifteen lives lost.

**THE WESTERN LEAGUE.**  
Peoria, Sept. 17.—President Barton to night officially declared the Western league base ball season closed. Barton says cities which completed the circuit this year will not play the league next season.

**KNOW IN MICHIGAN.**  
Kalamazoo, Mich., Sept. 17.—The first snow of the season commenced falling at Kalamazoo to day.

## PREPARED TO MEET ATTACK

### TURKISH GUARDS LYING IN TRENCHES

Report Reaches Sofia of the Destruction of a Town and Massacre of Entire Population—Other News From Frontier.

Constantinople, Sept. 17.—The press received confirmation of reports of large bands of Bulgarians and Macedonians, one of them estimated at 400 men, preparing to cross the frontier near Thessalonica, 40 miles from Sofia. Official circles here are greatly irritated by suggestions made to the press by representatives of the powers regarding common action against the Bulgarians. It is pointed out the powers themselves advised Bulgaria to suppress the insurrection completely.

Sofia, Sept. 17.—A dispatch from Rila says Turkish frontier guards are lying in trenches prepared to meet an attack. Bulgarian rearwards who were called out are proceeding to go in respective regiments, singing songs and arousing great enthusiasm.

The foreign office received reliable information Turks destroyed the town of Kasteria, 36 miles south of Konstantinople, and massacred the population.

The report of the massacre at Kasteria comes from sources admitting of little doubt, though details are lacking. The population of Kasteria is 10,000 and the massacre of such a number in one place, if the report be true, exceeds anything which has yet occurred in Macedonia. At the present critical moment, when popular feeling is intense, the effect of a report of such stupendous slaughter may be most serious.

The press is assuming a bellicose tone. The Dnevnik to night complains the government's partial mobilization of three divisions is utterly inadequate and urges immediate mobilization of the whole Bulgarian army. The government, while steadily proceeding with partial mobilization plans, is endeavoring to avoid unnecessarily exciting the people and consequently has resolved not to mobilize any part of the Sofia garrison. The war office has recalled Bulgarian officers who were studying in military schools of Russia, France, Austria and Italy.

**BULGARIANS KILLED.**  
Salonica, Sept. 17.—Official reports received here state that in a fight at Kaimakchalan Sept. 16, 150 Bulgarians were killed; in an engagement at Kasu 200 Bulgarians were killed; in an encounter near Melnik 40 Bulgarians were killed. Turks lost seven men. Fugitive insurgents were pursued and surrounded at Jumbala, where thirty of them were killed.

**FRESH PROPOSALS.**  
London, Sept. 17.—It is announced here Russia and Austria made fresh proposals to Great Britain, which, if carried out, will, it is hoped, restore order in Macedonia.

**TURNED ON THE GAS**  
Lincoln, Neb., Sept. 17.—Hugh Edmiston, a young society man of Lincoln, member of the insurance firm of J. M. Edmiston & Son, was found dead in his office early this morning. He turned on three gas burners and the fumes ended his life. He left two notes, both of which indicate the victim was despondency.

**SCOTTISH RITE MASONS.**  
Boston, Sept. 17.—Scottish Rite Masons to day elected the following officers: Grand commander—Henry A. Palmer, Milwaukee.

Lieutenant commander—Samuel Crocker Lawrence, Medford, Mass. Minister of state—John Corson Smith, Chicago.

**FAS RUNNING.**  
Berlin, Sept. 17.—An electric car ran at the rate of 104.5 miles per hour on the Zossen military road yesterday, said to be the highest speed ever attained. Engineers in charge of the experiments expect 125 miles an hour be reached.

**OPENING OF LAND.**  
Washington, Sept. 17.—The interior department has about completed arrangements for opening 700,000 acres of land in the Chippewa Indian reservation, Minnesota, and will announce the date to-morrow.

**SONS OF VETERANS.**  
Atlantic City, N. J., Sept. 17.—The national encampment of Sons of Veterans adjourned to day after selecting Boston for the next annual meeting. Officers were elected as follows: Commander-in-chief—Arthur B. Spink, Providence.

Senior vice—James E. Adams, Atlantic City. Junior—Dr. F. B. H. McDowell, Racine, Wis.

**THREE INDICTMENTS.**  
Washington, Sept. 17.—The federal grand jury to day returned three indictments in postal cases, involving two people, one of them being a Post indictment.

The arrests in the Postoffice indictment cases were reported to 11 o'clock to night.

## ATTACK ON CHINESE

### Citizens of an Idaho Town Are Imitating Turks.

Tonopah, Nev., Sept. 17.—A mob of twelve or fifteen men invaded Chinatown in this place yesterday afternoon and at the point of guns compelled a number of Chinese to leave town. Several who did not comply were badly beaten and dragged to the outskirts of town. Later all but one, Ping Egan, aged 30, returned searching parties this morning found his horribly mutilated body three miles west of town. The Chinese were also robbed of several hundred dollars before being run out of town. Nightmen men, mostly cowboys and westerns, have been arrested and are now in jail. Among the number is F. M. Aramand, president of a labor union. A meeting of citizens of Tonopah was held to day, at which a thousand or more were present and resolutions were adopted denouncing the action of the mob and pledging the support of authorities in effort to bring the guilty case to justice.

## CURTIS JETT'S TRIAL

Cynthiana, Ky., Sept. 17.—In the trial to day of Curtis Jett for the killing of Marshall Cockrell in July, 1902, John Patrick testified to having witnessed the shooting; that he saw guns projecting from a court house window, recognized Jett as one of the men at that window and saw him leave the court house immediately after the shooting with a gun in his hand. Riley Colledge corroborated Patrick's testimony.

The sensation of the day was overture made by Jett's mother to the commonwealth attorneys and to Thomas Cockrell, brother of Marshall Cockrell. It is reported Jett offered through his mother to make a confession implicating others in a feud between of Breathitt county, but insists on saving his neck. It is stated the commonwealth attorney has not accepted anything except a clean breast of the whole affair and they seem confident such a confession will be forthcoming before this trial is concluded, as the prisoner thinks he has been deserted by those who were expected to stand by him. Another conference will be held to-morrow.

## ANOTHER STORM

New York, Sept. 17.—Another gale swept this vicinity to day, but damage was not so widespread as yesterday. Vessels arriving to day brought news of disasters all along the coast. At least a half dozen men were drowned from these boats and it is feared many more met a similar fate, as several schooners are missing, some of which are known to have foundered. During the height of the storm one of the cruiser Chicago's launches, carrying a paymaster, an engineer and four men, put off from shore at Tomkinsville, Staten Island. Out in the stream the launch was swamped and all the men went overboard. The paymaster had with him a match containing \$25,000, but according to regulations, it was attached to a buoy. The light house tender Daisy put out from shore and saved the men when they were almost exhausted and a boat's crew sent from the Chicago went in search of the money, which after a long search was found.

## OPPOSED TO COMBINE

Kansas City, Mo., Sept. 17.—James McCreary, member of the national board of United Mine Workers, at a conference to day advocated a combination of miners and operators to raise the price of coal so operators could make a good profit and the miners get big wages, regardless of what it might cost the consumers.

John Mitchell immediately repudiated the suggestion. "We as an organization," he said, "believed the operators are entitled to a fair profit upon their investment and the wage-earners are entitled to fair wages. But to combine either we would not enter a combination to extort money from the public."

**MARINE DISASTERS.**  
New York, Sept. 17.—The steamer Kider arrived to night from Calbarian, having on board six of the crew of the British steamer Mexicano, which foundered during a gale yesterday. The Mexicano carried a crew of thirty-two, besides the captain. It is thought some of them were picked up by another steamer. One of the survivors says a third of the crew refused to leave the steamer and went down with her, and believes some officers committed suicide rather than drown. It is estimated that between Cananara and Fort Hamilton 200 craft of various kinds were lost and damage is placed at \$20,000.

**IRRIGATION CONGRESS.**  
Ogden, Utah, Sept. 17.—A committee of the National Irrigation congress to-morrow will recommend the election of the following officers:

President—W. A. Clark, Montana. Vice presidents—L. W. Burkhart, Utah; W. C. Johnston, Denver; John Hall, Kansas.

Secretary—H. B. Means, Reno, Nev. The Clark can for trust exhibit of arid states recently was awarded in Idaho.

## OFFICERS ARE ELECTED

### BY DIRECTORS OF ASSOCIATED PRESS

Adopt Resolutions Endorsing Editor Pulitzer for His Excellence in Establishing School of Journalism.

New York, Sept. 17.—The board of directors of the Associated Press to day elected the following officers:

President—Frank B. Noyes, Chicago Record-Herald. First vice president—E. B. Washet, Boston Herald.

Second vice president—J. M. Smith, Savannah News. Secretary—Melville E. Stone, Associated Press—Chas. B. Del.

Treasurer—Valentine P. Snyder. Executive committee—Frank B. Noyes, Victor F. Lawson, Chicago; Charles W. Knapp, St. Louis; Whitelaw Reid, New York; Charles H. Grasty, Baltimore.

The vacancy on the board of directors caused by the resignation of Stephen Omeara, of Boston, was filled by the election of A. P. Langtry, of Springfield (Mass.) Union. The other four directors whose terms expired were re-elected. The board as at present constituted consists of Albert J. Barr, Pittsburg Post; Clark Howell, Atlanta Constitution; Charles W. Knapp, St. Louis Record; Frank B. Noyes, Chicago Record-Herald; M. E. DeYoung, San Francisco Chronicle; Whitelaw Reid, New York Tribune; W. C. McClure, Philadelphia Bulletin; George Thompson, St. Paul Dispatch; William D. Belknap, Columbus (Ohio) Dispatch; Charles H. Grasty, Baltimore Evening News; Harvey W. Scott, Portland (Ore.) Organ; Thomas G. Rapier, New Orleans Picayune; Herman Ridder, New York Zeitung; A. P. Langley, Springfield (Mass.) Union; Victor F. Lawson, Chicago Daily News.

The following resolution offered by Victor Rosewater, of Omaha, was adopted by the annual meeting of the Associated Press:

"Speaking for the progressive daily newspapers of the United States that are banded together for mutual service in the Associated Press, we acknowledge a debt of gratitude to Joseph Pulitzer, of the New York World, for the establishment through his magnificent benevolence of the first school of journalism projected upon broad and liberal lines. We recognize the demand for more thorough training in the branch of education most necessary to a journalistic career, and we look forward with hopeful encouragement to the full fruition and success of Pulitzer's public spirited purpose. In Columbia university, moreover, situated in the heart of the nation's commercial metropolis, where the world's news is most intensely focused, we seen an institution most suitable for fostering the scholarly study of journalism and efficient training of its recruits. We congratulate Columbia university upon the choice made by Pulitzer of the medium for his benevolent and laudable purpose and we congratulate Pulitzer upon the cooperation of a university as study equipped and ably administered. We congratulate the representative chairman of the distinguished newspaper men and educators called to constitute the advisory board for the new school."

**GHASTLY SUICIDE**

**Della Trent Ends Life of  
Shame at Havana**

Havana, Ill., Sept. 17.—One of the most  
sensational suicides ever known in this  
city was that of Wednesday night, when  
Della Trent, an inmate of a house of ill-  
fame, saturated her clothing with kero-  
sene, and then touched a match to her  
apparel and while enveloped in flames  
placed a revolver to her temple, and cry-  
ing out, "Good-bye," fired a bullet into  
her brain, dying almost instantly.

The house in which the deed was com-  
mitted caught fire and it was found neces-  
sary to call out the department to ex-  
tinguish the blaze.

The scene in the vicinity of the house  
was heart-rending. All women belonging  
to the class of the one who committed the  
suicide were soon at the scene and their  
cries and wailings were touching, all of  
them being women without character, and  
their pleadings to God for mercy and  
protestations of reformation were many.

No cause has been given for the rash  
act of the woman, but it is supposed to  
have been a result of despondency over  
the life she had been leading and a quar-  
rel she had had a short time pre-  
vious to the tragedy with her lover.

She was a woman of prepossessing ap-  
pearance and had been in the city but  
a short time. All appearances indicate  
that she had not been of the "demi-  
monde" for a great length of time.

Coroner Oscar Pretzinger was notified of  
the affair, and he at once empaneled a  
jury, which returned a verdict of suicide  
in accordance with the facts in the case.

**A NEW JERSEY EDITOR'S TESTI-  
MONIAL.**

M. T. Lynch, editor of the Philadel-  
phia, N. J., Daily Post, writes: "I  
have used many kinds of medicines for  
coughs and colds in my family, but  
never anything so good as Foley's  
Honey and Tar. I cannot say too  
much in praise of it." J. A. Ober-  
meyer, City drug store.

**DEAF MUTES MARRIED.**

St. Louis, Sept. 17.—Miss Della O. Nicks,  
aged 22 years, of 1621 Wash street, and  
Fred A. Youngberg, aged 25, of Alton,  
Ill., both of whom are deaf, were mar-  
ried at 8 o'clock last night at the bride's  
home by Rev. H. Halterberg, of the  
Lutheran mission for the deaf.

The ceremony was performed in the sign  
language and consumed less time than  
when solemnized in the ordinary way.

The bride and groom have known each  
other for nine years, and their courtship  
dates back to their school days, when  
both attended an institution for the deaf  
and dumb at Jacksonville, Ill. The couple  
left this city this morning for Alton, the  
home of the groom's parents, where they  
will reside.

**HE CURED THE LITTLE GIRL**

Mr. Herman Muller, senior mem-  
ber of the firm of Muller & Leykom,  
extensive lumber and general mer-  
chants at Polar, Langdale Co., Wis.,  
says: "My little girl was troubled  
with a bronchial cough and we tried  
several remedies without satisfactory  
results. We finally gave her a few  
doses of Harts' Honey and Hore-  
hound, which quickly cured her."  
Harts' Honey and Horehound is a  
never failing cure for all throat and  
lung troubles to which children are  
subject. It is very pleasant to take  
and the absence of any deleterious or  
dangerous drugs makes it especially  
valuable for small children. 25c, 50c,  
and \$1 bottles. Sold by Lee P. Alcott,  
druggist.

**BIRTHDAY PARTY.**

George Wild was pleasantly surprised  
Wednesday evening by a number of his  
friends in honor of his birthday. Light  
refreshments were served and all present  
had a delightful evening. Those present  
were Miss Nellie Thorne, Miss Vella and  
Gillen Thorne, Elmer and Fred Livengood,  
Miss Dorothy Heinze, Clarence Livengood,  
Fred Shelbourne, Aaron Ashely and  
Lottie Sweeney.

**AMERICANIZING MEXICO**

**Influence of Our Methods in  
the Southern Republic.**

**PEACEFUL EXPANSION AT WORK.**

Eugene P. Lyle, Jr., Tells How the  
Power of Money, Example and En-  
ergy Are Lifting a Nation From the  
Tenth Century Into the Twentieth.  
Our Ways Eagerly Adopted.

Under the influence of American cap-  
ital and ideas the Mexican people, says  
Eugene P. Lyle, Jr., in the September  
World's Work, are "leaping from the  
tenth century into the twentieth." Mex-  
ico's 13,500,000 inhabitants are "grow-  
ing a thousand years in as many  
weeks."

Seven thousand land barons own  
nearly the whole territory of the re-  
public, and the peons have been their  
serfs. By the side of this system of  
feudalism is an investment of 500,000,  
000 American dollars, with life and  
progress in its train. The peon earns  
15 cents a day and is always in debt to  
his patron, who holds him permanently  
by this obligation and transfers him  
along with it when he sells his estate.  
But the Americans have come in with  
their railroads, farms, smelters and  
vast farming operations and have been  
bidding up the price of labor. They  
pay 75 cents, \$1 and more. The peon  
pays off his debts and becomes a man.  
The government offers free education  
to his children, from the alphabet to  
the highest degree, and expects soon to  
make schooling compulsory.

Trade with the United States in-  
creases even when general commerce  
declines. In 1901-2 we sold to the Mex-  
icans about a third more than all the  
rest of the world combined and bought  
from them four times as much as they  
sold to all other nations.

In spite of many drawbacks Ameri-  
can capital is pouring in. Kansas City  
alone has sent \$50,000,000 within the  
past five years. Seventy per cent of all  
the American money invested in the  
country has gone into railroads. The  
Mexican Central alone has absorbed  
\$150,000,000, the National \$107,500,000.  
Eighty per cent of all the railroad cap-  
ital of Mexico is American. There are  
now over 11,000 miles of rails in the  
country, and the amount is steadily in-  
creasing.

Americans own all the important sys-  
tems but three and are heavy stock-  
holders in these. They have recently  
bought the National from the British  
and the Gulf line from the Belgians.  
They furnish the operating officers, the  
conductors and engineers and some-  
times the rest of the train crews.

The old Mexican mines are being re-  
juvenated by American methods. Ameri-  
cans are improving the great ranches  
and developing the manufacture of cot-  
ton faster than it can be grown at  
home, so that some of the material has  
to be imported from the United States.

Americans have started factories of  
all kinds. They have built great irriga-  
tion dams and canals.

The Mexicans are eagerly adopting  
American ways. They have the Ameri-  
can circus; they use typewriters more  
generally than the Parisians; they have  
a wireless telegraph system across the  
gulf of California, and they hope that  
when Diaz is gone they will be able to  
show us that they are able, like our-  
selves, to elect a new president with-  
out a revolution.

**CADETS MAY SMOKE PIPES.**

**West Pointers Can Indulge in the  
Weed From Now On.**

The cadets of the United States Mil-  
itary academy are no longer prohibited  
from smoking, says the New York  
Times. As the parade the other even-  
ing was about to end and just as the  
adjutant was preparing to read the  
"skin list" the officer in charge handed  
him an order to read. It said that pipes  
and tobacco would be procurable in fu-  
ture at the cadet store and that smok-  
ing would be allowed in quarters dur-  
ing recreation hours as well as in the  
outdoor court included by the quadran-  
gular barracks. Superintendent Mills  
made the change after obtaining the  
consent of Secretary of War Root sev-  
eral weeks ago. The "supe," as the  
cadets call Colonel Mills, has always  
been popular with the corps, but now  
all hands are singing his praises.

While it has been noticed that the  
sudden freedom has caused an undue  
amount of smoking at first, the army  
officers at the post are confident the  
final result will be good. Colonel Mills  
hopes to lessen cigarette smoking by  
allowing pipes, for with the latter easy  
to get and the former only to be ob-  
tained with great difficulty it is argued  
that the smokers of the corps will grow  
fond of pipes. Neither cigarettes nor  
cigars are to be sold at the store.

**Seeking Russian Treasure.**

A Russian merchant named Zimmis-  
koff is causing the bed of the Volga in  
Russia to be examined near Katorin in  
an endeavor to find a treasure which  
is said to be valued at upward of \$15,  
000,000, says the Philadelphia Public  
Ledger. The fantastic story is circu-  
lated that this treasure was cast into  
the river by the once famous brigand,  
Stenky Raskynin. The story goes that  
pursued by Cossacks, the brigand  
threw away this immense hoard of  
gold and jewels accumulated during a  
life of crime. The spot was only known  
to the leaders of the band. The last  
who has just died, revealed it is said,  
the secret to the merchant.

**Military Wreckage.**

The military posts at the German  
naval port of Wilhelmshaven are fitted  
out with wireless. Each sentry has  
one key by the hand and lets it loose  
when suspicious people refuse to stop.

**SAILOR JEAN**

**Arrives on His Journey to the  
Capitals of the States**

A singular looking outfit looking  
much like a wheelbarrow frame with  
a barrel on it, attracted considerable  
attention on the streets Thursday,  
and an affair looking like a sail swung  
from a frame above it carried on it  
the words: "Sailor Jean." The ve-  
hicle is called by its owner a trolley-  
ette and is being pushed by him  
through the various states to their  
respective capitals.

According to the story of the  
bronzed man, Jean A. Krohn is a  
newspaper man connected with the  
Boston Globe and is endeavoring to  
visit all the capitals of the states and  
territories in the union and has three  
years and six months in which to ac-  
complish the feat and should he suc-  
ceed he is to get \$5,000, and \$20 a  
day for each day less than the pre-  
scribed time, and the donor of the  
\$5,000 expects to get his money back  
from a book, which the traveler will  
write of his varied experiences. The  
affair he calls his trolleyette is made  
of gas pipes, which can be taken  
apart, while the sail, like the con-  
trivance is a dog tent which he uses  
when occasion requires, the parts of  
the trolleyette serving to assist in  
spreading and holding it in place.  
The barrel contains the extra cloth-  
ing, medicines, bedding, food and be-  
longings of the owner, who is getting  
along famously on his trip. In order  
to defray his expenses he has with  
him pin trays on which are printed  
a picture of himself and the route  
he expects to travel, and these he sells  
for 10 cents each, realizing dollars  
each day from them. He said to a  
Journal reporter that he was eight-  
een days ahead of schedule time so  
far and was getting along all right.  
He has a wife and baby whom he en-  
deavors to meet once in a week or  
two, though just now they are in  
Minnesota and may not be with him  
for some time to come. He left Aug-  
usta, Me., April 1 and has already  
traveled 3,200 miles and says his en-  
tire trip will be equal to seven times  
the distance across the United States.  
He says he has been attacked  
nine times by dogs, eight of which  
will never bite again. Three times  
he has been waylaid by hoboes and  
once these chaps stole up behind him  
in a storm and knocked him over,  
getting \$1.80 for their trouble. He  
goes well armed so it is as well to  
let him alone. He has already worn  
out seven pair of shoes and his clothes  
showed hard usage. He says he has  
been well treated in Illinois and peo-  
ple have generally been hospitable.  
He gets a certificate of appearance  
from each secretary of state which  
he shows to his patron. He expected  
to leave here Thursday evening or Fri-  
day morning for Des Moines, Iowa.

The following is his itinerary:

Leaving Augusta, Me., April 1,  
1903, thence to Montpelier, Vt., Cen-  
cord, N. H., Albany, N. Y., Harris-  
burg, Pa., Charleston, W. Va., Colum-  
bus, Ohio, Lansing, Mich., Indianapo-  
lis, Ind., Springfield, Ill., Des Moines,  
Iowa, Jefferson City, Mo., Little  
Rock, Ark., Jackson, Miss., Baton  
Rouge, La., Austin, Texas, Guthrie,  
Okla., Topeka, Kans., Lincoln, Neb.,  
Cheyenne, Wyo., Denver, Colo., San-  
ta Fe, N. M., Phoenix, Ariz., Sacra-  
mento, Cal., Carson City, Nev., Sa-  
lem, Ore., Olympia, Wash., Boise

**DENIED BY FRANCE.**

Paris, Sept. 17.—The French for-  
eign office categorically denies that  
France is contemplating the conquest  
of Morocco and declares the assertion  
that Great Britain has given her con-  
sent to the conquest in diverting  
France from her Russian alliance is  
simply ridiculous.

**CURED HEMORRAGES OF  
THE LUNGS.**

"Several years since my lungs were  
so badly affected that I had many  
hemorrhages," writes A. M. Ake, of  
Wood, Ind. "I took treatment with  
several physicians without any benefit.  
I then started to take Foley's Honey  
and Tar and my lungs are now as  
sound as a bell. I recommend it in  
advanced stages of lung trouble." J.  
A. Obermeyer, City drug store.

**DIED OF DOG BITE.**

Chicago, Sept. 17.—Suffering from hydro-  
phobia and fearing that he might injure  
others, Girolano Casceno pleaded with his  
relatives to place him under restraint.  
He said he could feel it coming on him.  
He was taken to the county hospital and  
as soon as he arrived he had to be  
strapped in bed. He died in two hours.  
Casceno was 30 years old. He was bitten  
by a dog several weeks ago.

Foley's Kidney Cure makes the dis-  
eased kidneys sound so they will  
eliminate the poisons from the blood.

**THE PROPER TREATMENT FOR  
A SPRAINED ANKLE.**

As a rule a man will feel well satis-  
fied if he can hobble around or  
crutches two or three weeks after  
spraining his ankle and it is usually  
two or three months before he has  
fully recovered. This is an unnece-  
sary loss of time, for in many cases  
in which Chamberlain's Pain Balm  
has been promptly and freely applied  
a complete cure has been effected in  
less than one week's time and in some  
cases within three days. For sale by  
all druggists.

**A DESIRABLE LINE.**

The Nickel Plate road, with its  
close connections—the Delaware,  
Lackawanna & Western and West  
Shore and Boston & Maine railroads—  
is considered by those who have  
patronized it as a most desirable line  
between Chicago and New York, Bos-  
ton and other eastern points, and  
takes its place among the first class  
lines leading eastbound from Chicago.

It is operating three through first  
class trains, all daily, and equipped  
with modern improvements, for the  
convenience and comfort of the trav-  
eling public, and has succeeded, to a  
remarkable degree, in pleasing its  
patrons, growing in popularity every  
day. One of its attractive features  
and thoroughly appreciated by the  
traveling public, is its dining car ser-  
vice, meals being served on American  
club plan, ranging in price from 35c  
to \$1, also service a la carte. Colored  
porters are in charge to look after the  
comfort of passengers in coaches, and  
especially to assist ladies traveling  
with children. No excess fare on any  
train on Nickel Plate road. All pas-  
senger trains arrive at and depart  
from the LaSalle street station, Chi-  
cago, the only passenger station in  
Chicago on the elevated loop. When  
going east, try the Nickel Plate road.  
City ticket office, 111 Adams street,  
Chicago.

**AN EDITOR'S OPINION.**

Our readers will be interested in  
the statement by Mr. John Edmonds,  
editor of the Daily and Weekly Cour-  
ier at Lincoln, Ill. He says: "I have  
long been a sufferer from constitu-  
tional constipation and have used Re-  
Go Tonic Laxative Syrup. I found  
it an agreeable medicine and just the  
thing for men engaged in sedentary  
pursuits. I take pleasure in recom-  
mending Re-Go Tonic Laxative  
Syrup as safe and effective, without  
any gripping or nauseating effects com-  
mon to similar remedies." 25c, 50c and  
\$1 bottles sold by Lee P. Alcott,  
druggist.

**FOR OVER SIXTY YEARS**

Mrs. Winslow's Soothing Syrup has  
been used for children teething. It  
soothes the child, softens the gums,  
allays all pain, cures wind colic and  
is the best remedy for diarrhoea. 9c  
cents per bottle.

**HOUSEHOLD CARES**

**Tax the Women of Jackson-

Hard to attend to household duties  
With a constantly aching back.  
A woman should not have a bad back.  
And she wouldn't if the kidneys were well.  
Doan's Kidney Pills make well kidneys.  
Here is a Jacksonville woman who en-  
dorses this claim:

Mrs. M. Griffin, of 1135 South East  
street, says: "For two or three years  
I was subject to heavy aching pains  
through my loins and kidneys, frequent  
headaches and spells of dizziness. I could  
not rest comfortably and in the morning  
when first getting up I felt really worse  
than when I went to bed. The kidney  
secretions were irregular and deposited a  
heavy brick dust sediment. I was ad-  
vised to get Doan's Kidney Pills at Dr.  
H. Lee Hatch's drug store and did so.  
Used them and in a short time I was  
thoroughly relieved."

For sale by all dealers. Price 50 cents

**OWES HIS LIFE TO A NEIGH-  
BOR'S KINDNESS.**

Mr. D. P. Daugherty, well known  
throughout Mercer and Sumner coun-  
ties, W. Va., most likely owes his life  
to the kindness of a neighbor. He  
was almost hopelessly afflicted with  
dysentery; was attended by two physi-  
cians, who gave him little, if any, re-  
lief, when a neighbor, learning of his  
serious condition, brought him a bot-  
tle of Chamberlain's Colic, Cholera  
and Diarrhoea Remedy, which cured  
him in less than twenty-four hours.

Miss Kate Springer has returned Macatawa, where she has spent a number of weeks most pleasantly for the benefit of her health.

Mr. and Mrs. Breckon and Mr. and Mrs. Edmund Blackburn left Thursday to attend the Methodist conference in Quincy.

Miss Daisy Trigg, of Cairo, who has been visiting friends in this city, has gone to Arenzville for a stay with friends in that vicinity.

Alfred Thornborrow has accepted a position in Sutter & Lonergan's hardware store, where he will be pleased to see his many friends.

Is your furnace in shape now? Is your stove all right? You'll need them in a day or two and then forget all about them until the weather turns cold again. There's lots of the Arkansas traveler in all of us.

John Hughes, of Pittsburg, Kans., is visiting at his former home in this city. He is looking wonderfully well and finds many here who are right glad to see him again. He is becoming quite a power in railroad and business circles in his western home.

Mrs. G. W. Flagg, of Paxton, Ill., is visiting her parents, Mr. and Mrs. William Paschal, near Markham, while her husband is attending the M. E. conference at Quincy. She and her sister, Mrs. Howard Cully, were in the city yesterday, shaking hands with friends.

Mrs. Harmon Givens, one of the long time colored residents of this place, died recently at the home of her daughter in St. Louis. She was well known to most of the people here and was a woman of many good qualities, and for many years was a faithful member of Bethel A. M. E. church.

Frank Plouer did some artistic window decorating in W. L. Alexander Mercantile company's establishment yesterday. He placed a \$100 set of china in a manner which attracted the attention of all passers by and showed that he is an artist, especially when he has good materials to handle.

Complaint is made of reckless marksmen in the west part of the city limits. One sufferer has lost a lot of pigeons by the depredators and he says that wicked boys have even been so base as to shoot the pet squirrels which run about the town. He says if the evil isn't soon stopped he will make it lively for the lawbreakers.

Happy to relate the frost of Wednesday night was hardly perceptible in this section; generally also. From present appearances and weather forecasts the outlook is more reassuring. Two weeks more of warm, dry weather would mean many thousands of dollars to the state of Illinois and Morgan county in particular.

Mr. and Mrs. W. S. Hook and sons are expected in the city this evening when the three brothers and one sister will be united for the first time in some years. Several months since Mr. Hook left Los Angeles in poor health, but he has so much improved that his complete recovery is now expected. Jacksonville will indeed be most happy to have him and his estimable wife for residents again.

"Uncle Josh Spruceby," the first of the many rural plays now being presented in the different cities, will be seen at the Grand opera house Monday, Sept. 21. This production is said to be different from all others, as it contains much comedy as well as pathos and the realistic sawmill scene is said to be the most exciting and intense effect ever produced. The scenes of the play are laid in Vermont and New York which gives ample opportunity for portraying the simple rustic characters in country as well as the many incidents that befall the simple country folks that visit the metropolis. Prices, 10, 20, 30 and 50c.

## CONFERENCE DOINGS

Address of Bishop Fowler—Dr. W. F. Short Honored—Committees Appointed.

The Methodist conference opened Wednesday morning as usual by a devotional service, Rev. D. C. Burkitt, of Murdock, conducted it. Following this service was the reading of yesterday's minutes, and then came the reports of the four presiding elders, of which mention is made elsewhere. Other business transacted included:

The report of the commission having charge of the work to the effect that Calhoun county has been ceded to the southern Illinois conference.

S. H. Pye, representing the Methodist American Book company, made a talk.

A collection of \$45 was taken for the expenses of the trial of Dr. J. B. Wolfe at last conference.

Revs. W. A. Smith, S. H. Whitlock and Preston Wood were elected trustees for the class of 1906.

**TWO ELDERS GIVEN PURSES OF GOLD.**

Presiding Elder Short, who retires from the West Jacksonville district at this time, was presented with \$50 in gold by the ministers in his district. The presentation was made by Rev. H. M. Hailey, of Barry.

Presiding Elder S. H. Whitlock, of Mattoon, who retires also at this time, was presented by Rev. A. A. White, on behalf of the ministers in the district, with a purse of \$70 in gold.

**THIS YEAR'S GRADUATING CLASS.**

It had been announced that Bishop Fowler would, at 10 o'clock Wednesday morning, address the class graduating this year. Consequently, the church was filled by the ministers attending the conference and by the laity. The class consists of F. E. Bonnefon, C. S. Boyd, A. K. Byrnes, C. R. Garver, M. C. Hull, J. F. McAnally, T. P. Sharpe, T. L. Knotts, J. S. Dancy, C. F. Juvinall and J. A. West.

**BISHOP FOWLER'S ADDRESS.**

The address of Bishop Fowler was replete with aphorisms, and illustrations intended to be, and which could not help but be, helpful to men completing their examination studies for the Methodist ministry.

At the outset he insisted that when the men consecrate themselves to God, there was nothing of the greed for money in their hearts; but he pointed out that later on many are drawn away on the promise of a little more salary. He said they had no moral right to leave the ministry; that there is only one bishop who has been dismissed out of the church—inocently—and that is the undertaker. He believes in all the churches that set forth salvation through faith in God. Bishop Fowler said, first, he wanted the Methodist doctrine preached; he wanted the young ministers before him to believe something; and he wanted them to know that they believed it, or, at any rate, to believe that they knew that they believed it. He would give as much for a preacher without his theology as for a man without a spinal column.

**APHORISMS OF THE BISHOP.**

You are to preach, not to exhort. That's what ails most evangelists. They are like whipcrackers without the lash.

Big words are the tools with which we bury our little ideas.

You never heard of a convention of farmers discussing how to get the cattle up to the rack. He has heard of ministers doing so. You must put something in the rack.

The average man is so dry, anyway, that if you bore a gimlet hole in him sawdust will run out.

Jesus never told what the Truth is, but what it is like. Fill your sermons with illustrations.

The bishop has seen men who could walk better with crutches than without—but they were cripples.

Let nothing come between you and your work. Let no miserable things either male or female, come in your way.

If you put the work in your business you will succeed.

The bishop advised the preachers to make their sermons merely the outline of the beginning of the shadow of a sermon. Then they will have it condensed about enough.

**STANDING COMMITTEES.**

The standing committees are as follows, with their new chairmen:

Public worship—W. T. Beadles.

Twentieth century—S. A. Scott.

Benevolences—A. S. Flanagan.

Education—W. A. Smith.

State of country—J. F. Van Cleave.

The United States now takes half the world's crop of rubber.

One exports to China and Hong Kong for the fiscal year 1903 were about \$27,000,000, against \$6,000,000 in 1902.

The investment of American capital in Mexico, railroads, mines and plantations is estimated to amount to over \$600,000,000.

S. C. T. Todd, general solicitor of the Standard Oil company, is understood to receive, salary and commissions, \$250,000 a year.

The Hamburg-American steamship line owns 119 vessels, valued at \$43,153,000; the North German Lloyd, 107 vessels, valued at \$63,743,000.

The Yellowstone park proper is one-third larger than Delaware and the adjoining government forest reserves make an area nearly equal to that of New Jersey.

One little "brown brother" in the Philippines had great difficulty in understanding why the United States should prohibit chicken fighting and applaud prizefighting and football.

Of Alaska's shipments to the United States but 20 per cent in value is gold. The value of canned salmon alone is \$5,400,000, or \$1,000,000 more than Mr. Seward as secretary of state paid for the country.

The "Rebellion Record," published by the United States, numbers 128 volumes, 135,578 pages of reading matter and 1,242 pages of index. It would take longer to read it through than it took to fight the war.

The Standard Oil company received not only rebates on shipments of their own, but the railroads also paid them from 20 to 35 cents a barrel on the shipments of rivals. Anybody could endow a university under these circumstances.

The Scientific American says that the heaviest train load ever hauled by one locomotive was recently reported. A train of eighty-four loaded cars, weighing in the aggregate 4,787.5 tons, was hauled a distance of sixty-three miles at the rate of thirty miles per hour.

It has been demonstrated by figures that millions can be saved to the public by the introduction of business methods and up-to-date machinery in the immense public printing office in Washington. But similar savings can be made in at least a hundred other government offices.

People who make a practice of sending into the city for their supplies should never complain of hard times. The way to prevent hard times is to get all the money from abroad you can and keep it in your own town. In other words, patronize your local merchants.

No single industry is developing with greater rapidity than is the manufacture of cement. From a total production in 1902 of 5,758,021 barrels the industry has grown to a production of 26,487,890 barrels in 1903. We are rapidly coming to the second age. It is taking the place of wood, tile, brick and stone in all directions.

Forty years ago the negro had not a foot of land nor a roof over his head. Now there are 130,000 farms owned by negroes valued at \$350,000,000; 150,000 homes outside the farm ownership, valued at \$265,000,000, and personal property valued at \$165,000,000. So, starting from nothing, here is an accumulation of nearly \$800,000,000. When the work began, not 1 per cent of the negro adults of the south could read or write. To day 40 per cent can do so. There are 800 colored physicians in practice, 300 lawyers and 30,000 school teachers. They own and publish 450 newspapers and magazines. This is a marvelous record.

Booker T. Washington's advice to his race was well condensed in a paragraph of a speech he recently delivered in Atlanta. He said: "Work with your hands and put the rest of any one else can do it. Buy your own houses. Don't spend seven dollars at a camp meeting when you ought to be improving your farm. Learn how to use your hands in such a way that no one else can take your place. The taxpayers, you will have the best interest of the community."

in your heart and this much mooted race question will have been settled.

The Chicago & Northwestern has decided to retire from service all of its freight cars of 26,000 pounds capacity and a number of 30,000 pound cars, making in all about 400 that will be consigned to the "bone yard" in the next two months. The company's officials say that it no longer pays to use cars of such small capacity. The company is buying about 2,500 new freight cars a year ranging from 40,000 to 100,000 pounds capacity. Before the old cars are destroyed they will be replaced by an equal if not larger number of the large cars.

## DELEGATES CHOSEN.

No. 9.  
The primary in district No. 9 was held Thursday evening in the office of T. H. Buckthorpe. The meeting was called to order by the committee-man, Edward Kastrup, who was elected chairman, and J. L. Brennan, secretary. Motion was made that a committee of three be appointed by the chair to select nine delegates to the county convention. G. H. Hinton, S. B. Stewart and William Robinson were named as the committee, who reported the following list of delegates, which was adopted by the caucus: G. H. Hinton, S. B. Stewart, Edward Kastrup, T. B. Orser, John Cherry, Jr., T. H. Buckthorpe, Sylvester Arbuckle, George H. Scurlock and James Brown.

No. 10.  
The Republicans of the tenth district held their caucus Thursday evening at the office of Frank Thomas. Committee-man Hawes Yates called the meeting to order and Matthew Minter was elected chairman and J. A. Obermeyer secretary. Hawes Yates was again elected central committee-man and the following delegates to the convention were named: Hawes Yates, John B. Seng, J. A. Obermeyer, W. E. Baker, Matthew Minter, W. L. Magill, A. J. McCarty and Henry Baskett.

No. 8.  
The Republican voters of district No. 8 met in the circuit court room Thursday night and were called to order by Central Committee-man Jas. H. Danskin, who stated the object of the meeting was to select delegates to the coming county convention. Mr. Danskin was chosen to preside over the meeting.

Alex Walker was elected secretary and S. W. Nichols assistant. On motion of Andrew Russell the chair was empowered to appoint a committee of three to retire and present thirteen names of persons to be voted on for delegates to the coming county convention. The chair named Messrs. Andrew Russell, George L. Merrill and W. L. Fay. The gentlemen went out and came back with the following list and moved its adoption. Carried.

No. 11.  
The Republicans of the eleventh district met at the Franklin school Thursday evening, the meeting being called to order by Committee-man Sybrant. C. E. McDougal was elected chairman and J. G. McAnhan secretary. The following delegates were named: S. L. Biggs, John G. McAnhan, George V. Skinner, C. E. McDougal, George E. Sybrant, William Blue, Scott P. Carter, Harry Cobb, E. M. Harless, William Osterwood and George Dunavan.

The following resolutions were unanimously adopted:  
"Resolved, That, whereas the administration of Gov. Richard Yates has been assailed by the Democratic mugwump press of Chicago, without cause or justification; and  
"Whereas, the Republicans of the eleventh voting district, knowing this to be a fact, repudiate these vicious and uncalled-for assaults.  
"That we have the utmost faith in his ability and integrity and therefore take this opportunity of expressing ourselves in opposition to these vilifications.  
"Be it therefore resolved that we unqualifiedly endorse his administration and firmly believe that he is worthy of endorsement for a second time as governor of the great state of Illinois.  
"That we believe his conduct of public affairs has been clean and honorable and will stand the search light of the most exacting citizen of what ever party.  
"Resolved, That the delegates from this district to the county convention be instructed to act in accordance with the spirit of these resolutions."

SINCLAIR.  
The Republicans of Sinclair met Wednesday evening in Hart's hall, but because of the absence of the central committee-man, C. W. Mathews, nothing was done and the caucus adjourned without taking any action. There were about twelve Republicans at the meeting, but no one saw fit to call the meeting to order and after waiting several hours for Mr. Mathews, the voters went home.

There are 380 golf links in Scotland. ## GROW BEST IN THE NORTH.

The interesting fact has lately come to the attention of the government scientists that the frog, the edible variety, attains its greatest and best development not, as one would imagine, in the semitropical swamps of Florida and Louisiana, but in far northern Canada, on the extreme northern limit at which these reptiles are found. This bears out an old and pretty safe rule that both plants and animals attain their best development at the northernmost point of their habitat. Thus the diamond back terrapin of the Chesapeake brings nearly eight times the price of the diamond back of Louisiana, and the best oranges are grown not in tropical Cuba (people of the older generation still remember the coarse grained, sourish Havana oranges), but in northern Florida, where the trees are frequently cut down by the hard frosts and cold weather.—Washington Post.

A Chance For Millionaires.  
The feeling that one is adapted by nature to be a rich man's son is common enough, but a young Englishman is the first to show the enterprise to attempt to remedy the defects of circumstances. This advertisement is from a paper published in a suburb of London:

Will any kind, philanthropic person adopt John H. E., at present getting a living as a leather merchant and dealer in leather fancy goods, who, albeit he is not afraid of work, is confident he would make an excellent only son to a millionaire? Telegrams to Bruce Grove, Tottenham.

There is a touch of impatience about the word "telegrams." Millionaires must hustle if they want John H. E.

On the Siberian Railway.  
Think of the snap the railroad lunch counter privileges would be at Irkutsk, Yakutsk and the other Siberian points. Even on the dining cars ice cream could be served the year around without the use of refrigerators, especially through Siberia. Simply by stopping the train occasionally to milk a musk ox one could obtain all the ready flavored ice cream necessary to human happiness. And then it would be so pleasant to hear the brakeman sing out: "Bering, Bering! Change cars for the north pole, Pearyville, Walrus Beach, Nansen's Ford, Melville island and all points north."—Baltimore American.

A Cablegram of Condolence.  
When the news of the assassination of King Alexander and Queen Draga reached the state department at Washington there was some discussion about the propriety of sending a cablegram of condolence.

"No, no," said Third Assistant Secretary Ade; "nothing is to be done in a case of this kind. Besides, there's nobody to send it to. The king and queen are dead, and the government has no head."  
"Why not send it addressed 'To Whom It May Concern'?" asked a demure young stenographer.—Saturday Evening Post.

Eddie and Labby.  
Henry Labouchere was once asked what he called the Prince of Wales, now King Edward, when he dined at Marlborough House. "Well," said Labby, "when the soup comes on I address him as 'your royal highness.' The fish often softens the reserve, and I get a little chummier, and often as not I call him 'Wales,' while during the entrees and joints I get quite familiar, and he becomes 'Eddie,' while he elaps me on the back and dubs me 'Labby!'"

Overheard at the Club.  
Johnson—I wonder if they will teach advertising in their school of journalism?

Bronson—They will not need to teach the rule of self advertising at any rate.

Swanson—What is that—not to let your left hand know what your right hand doeth?

Bronson—No, but to let all hands know and take all men by the throat to make them praise you.—New York Post.

## Dead Bodies Silver Plated.

A German professor has invented a process of silver plating dead bodies so as to convert them into metallic images of the individuals as they were when in life. Gold plate can be used if the relatives can afford it.

But as the expense of silver plating a body is \$12,000 there are probably few relatives who would deem themselves justified in squandering an estate on such a memorial.

## Golf as an Industry.

Y. M. C. A. NOTES.

The Y. M. C. A. educational committee met Thursday evening in the Y. M. C. A. parlors. Many plans were made for the night school work, which will open Oct. 5. A. J. McCaulsey has been engaged as instructor in mechanical drawing. There will be a strong course in bookkeeping, writing, commercial arithmetic, spelling and short hand. The instructor in this department has not been chosen, but Secretary Coughlin has several good men in view. The committee has instituted a new feature in having six short lectures during the season by prominent men of the city on the following subjects: Learning, Agriculture, Law, Mechanical Drawing, Medicine and Corporations and Young Men.

The educational committee is composed of J. G. Capps, chairman; T. E. Hopkins, L. A. Fulwider and Dr. L. A. Reed.

The junior gymnasium classes will meet for the first time Saturday, Sept. 26, and the senior classes Monday, Sept. 28. A great deal of interest is being manifested in both the physical and educational side of the Y. M. C. A. work and a large list of new members is being obtained daily.

BRILLIANT  
NUPTIALSCARRIEL—WINTERBOTTOM  
WEDDING AT GRACE  
CHURCH

Edifice Was Handsomely Decorated—Solemn Service Held by Father of the Bride—Reception at the House.

A nuptial event of more than ordinary interest was celebrated Thursday evening at 8 o'clock at Grace Methodist Episcopal church, when Miss Elizabeth C. Winterbottom became the bride of Dr. Howard Turner Carriel.

The vows were spoken before a large assemblage of guests and the green and white effect sought was carried out with exquisite taste in the decorations, which were elaborate and beautiful. The altar and choir loft were converted into a veritable bower, the great effect being secured by the liberal use of asparagus fern, stately palms and potted plants, while large bouquets of white asters brightened the scene and the whole made indeed a striking picture.

While the guests were assembling Mr. J. Philip Reed, organist of Grace church, skillfully rendered the following program:

Organ Solo ..... Novin  
(a) You ..... Robyn  
(b) Answer ..... Robyn  
Serenade ..... Novin  
Capriccio ..... Lemaigre  
O, West Thou in the Clouds ..... Mendelssohn

Love Song ..... Novin

Just before the ceremony Mr. Robt. Hockenbush sang most artistically two songs entitled: "Absent," by Metcalf, and "O, Happy Day," by Carl Gotte.

The bridal party entered the church promptly at the hour named to the familiar strains of the bridal choros from Lohengrin.

The groomsmen passed to the east side, while the bridesmaids approached by the west aisle, and crossed in front of the altar, taking positions on opposite sides. Mr. Herbert G. Capps was master of ceremonies and the groomsmen who entered singly in the order named, were Arthur Carriel, Dr. Edward Howe, Frank R. Elliott, Fred C. Carriel and Joseph Winterbottom. Dr. H. B. Carriel, as best man, preceded the groom.

The bridesmaids entered in the same manner. They were handsomely gowned in chiffon and wore sashes of tulle with side veils and carried shower bouquets of pink carnations.

Miss Myra Moorhead, of Franklin, Pa., was the first to appear and was followed by Miss Reon Osborne, Miss Virginia Hockenbush, Miss Grace Burnett, of Meadville, Pa., and Miss Lucille Jones, of London, Ohio.

The maid of honor was Miss Mabelle Parrott, who was most becomingly gowned in pink mousseline de soie, elegantly trimmed in valenciennes lace and insertion. She carried a shower bouquet of white carnations.

The flower girls, Lillian Rutledge and Esther Davis, preceded the bride and wore pretty gowns of wash chiffon and carried baskets of white asters.

The bride followed unattended, and was gowned in a beautiful creation of white crepe de chine over white taffeta, trimmed in tread lace and

fagoting. She wore a veil and carried a train.

The groom met the bride at the end of the west aisle and led her to the altar rail before the Rev. Joseph Winterbottom, father of the bride, who said in a most impressive manner the solemn marriage service of the Methodist Episcopal church and offered a fervent prayer. The ring service was used in plighting the troth.

During the ceremony Mr. Reed at the organ, played in subdued tones "Oh, Promise Me," DeKoven. The recessional was by the east aisle to the strains of Mendelssohn's wedding march, the groomsmen crossing to the east side of the altar, where they met the bridesmaids.

The bride is the only daughter of Rev. and Mrs. Joseph Winterbottom, of 1826 West State street. She is a young lady of liberal education, having graduated from the Woman's college in the class of 1898 and from the Ohio Wesleyan university in 1900, receiving the degree of A. B. She was president of the Belles Lettres society at the former school and received marks preminent at the university, where her ability as an elocutionist won her signal honors. For two years she has been at the head of the Latin department at the high school and the splendid work of her pupils has plainly evidenced her scholarly attainments. In social circles she has ever been known as a favorite and is indeed a young lady of forceful character and charming manner.

The groom is the son of Dr. and Mrs. H. F. Carriel, of 1152 Turner Place. He received his academic training at Illinois college, graduating from the class of 1899. While in college he was prominent in musical and athletic circles and a member of Phi Alpha society. Soon after leaving college he entered upon the study of medicine and graduated from Northwestern Medical university with honor in 1902. Since graduation he has practiced his profession in Coalbasin, Colo. He has thoroughly prepared himself for his life work and his strength of character and personal popularity are elements that argue well for his success.

WEDDING RECEPTION.

After the ceremony at the church the invited guests, to the number of 125, proceeded to the Winterbottom home on West State street, where the wedding reception was held. The receiving party included Rev. and Mrs. Joseph Winterbottom, Dr. and Mrs. H. F. Carriel, father and mother of the groom, and the wedding party.

The house was very tastefully decorated with ferns, smilax, asters and pink and white carnations.

The wedding gifts were displayed in the room over the reception hall-way and made a most beautiful array. A chest of silver, the gift of the groom's parents, was especially admired.

Elegant refreshments were served in the dining room, which was daintily trimmed, the same color scheme prevailing here as at the church.

Mr. and Mrs. Carriel left for St. Louis on the midnight train and will be at home to their friends in Coalbasin, Colo., after Oct. 4.

THE MATRIMONIAL RECORD.

IRELAND-SAVAGE.

At 11 o'clock Wednesday occurred one of the prettiest weddings ever held in Virginia. The groom, Clifford C. Ireland, of Washburn, Ill., wedded Miss Anna Louise Savage, of Virginia. The Rev. Mr. Carpenter, of the Christian church, officiated. The wedding took place in the parlor

of the home of C. C. Savage, father of the bride. The bride wore a creation of crepe de chine. The house was decorated with bouquets of American beauty roses and other flowers. About sixty-eight guests were present. A very elaborate dinner was served. After dinner Mr. and Mrs. Ireland left for Chicago.

Those present from out of the city were: Mr. and Mrs. Charles Ireland, Mr. Frank Ireland, father of the groom, all of Washburn; Mr. and Mrs. H. F. Ireland and Mr. Bangs, of Springfield; Mrs. G. Dickinson, Miss Roberta Dickinson, of Eureka; Miss Florence Ellington, of Buffalo; Mr. and Mrs. Will Maxwell, of Lincoln; Miss Moore and Miss Hainey, of Chicago; Miss Nina Levering, of Petersburg; Mrs. James Sutton, of Springfield; and Mr. Bert Hawk, of Bloomington.

Many beautiful presents were received, consisting of cut glass, silverware and china.

STRINGHAM-SAWTELL.

The marriage of Miss Anna E. Stringham, daughter of Mr. and Mrs. Stephen F. Stringham, of this city, to E. A. Sawtell, of Markham, took place Wednesday evening at 5 o'clock, Rev. C. L. Dark, of Chapin, officiating. The wedding occurred at the future home of Mr. and Mrs. Sawtell, which had been all furnished beforehand. Only immediate relatives of the family were present at the ceremony.

The house had been very tastefully decorated in pink and white, a large center piece on the dining room table made of pink and white asters was very beautiful.

After the ceremony refreshments were served the guests. Many very useful presents were sent in by friends.

Both the bride and groom are highly respected young people and very popular in the neighborhood in which they live.

BALDWIN-PETRIE.

Miss Lena Baldwin and H. O. Petrie were married at 2:30 o'clock Wednesday afternoon in Marshall, Mo., by Rev. Mr. Wharton, pastor of the Christian church in that city. The bride is the daughter of Mr. and Mrs. Stansfield Baldwin, living north of the city, and is a young lady whose pleasant social ways have won for her a large number of friends. The groom has often visited in this city and is known to be a capable and industrious young man. He is at present a telegraph operator at Blackburn, Mo., in which place they will reside.

BALDWIN-BELL.

Francis E. Baldwin, of this city, was married to Miss Elizabeth Bell, a daughter of Hon. A. H. Bell, at the M. E. church in Carlinville, Wednesday at 6 o'clock p. m., Dr. J. A. Lucas officiating. Immediately following the wedding the bridal party went to the residence of the bride's parents, where a reception was held and a wedding dinner served.

TAYLOR-SPAINHOWER.

Charles A. Taylor and Miss Emma J. Spainhower were married at 4 o'clock Wednesday afternoon by Rev. R. F. Thrapp at his residence. Both are highly respected young people in the neighborhood in which they live and they will reside on a farm near Woodson.

HUNTER-WEST.

Arthur S. Hunter, of Stockton, Kans., and Miss Delia West were married Thursday afternoon by Dr. C. M. Brown at the home of the bride. They will reside in Stockton, where the groom is engaged in business.

The boys' suits at Seebergers' from \$3.00 to \$5.00 age 7 to 15 contain style and quality.

AT THE GRAND.

"Lizbeth from Hickory Hollow" was presented by the Lillian Mortimer company at the Grand last night before a fair sized and well pleased audience. Although the house was not crowded, the audience was very enthusiastic and entered thoroughly into the spirit of the play.

Miss Mortimer, in the difficult part of "Lizbeth Botta, as mad-cap girl, left little to be desired and won the appreciation of the audience from the start. Miss Clara Brown filled a leading role as Virginia Torrington, and proved to be an unusually strong delineator of strong emotions. Her part called for considerable heavy work, which she sustained in a very creditable manner. She was warmly received and frequently applauded.

To night the bill will be "In the Shadow of the Gallows," with Miss Brown in the leading role as Zola St. Mar, a gypsy, in place of Miss Mortimer, this arrangement having been made in view of the fact that this is Miss Brown's home city. The specialties last evening were very strong.

FAME LODGE.

Fame Lodge, G. U. O. of O. F., met in regular session Thursday evening for the annual election of officers. The following were chosen: Austin Carter, N. F.; J. H. Brown, N. G.; William Jones, V. G.; Dr. Kenneth, secretary; Taylor, E. S.; Wm. Bolden, chaplain; James Matthews, warden; Charles Mitchell, advocate; Julius Rice, treasurer; James Barker, G. G.; George Waggoner, James Barker and Samuel Decker were appointed trustees. A. F. Jones, L. S. to H. G.; A. J. Jones, R. S. to N. G.; Charles Berry, R. S. to V. G.; and John Hammond, L. S. to V. G.

Miss Anna Scott, after a most delightful visit of two weeks at the home of Mrs. Edward McDonald, will leave today for St. Louis.

## EXHIBIT OF ETHNOLOGY

### Miniature Mexican Palaces For St. Louis Exposition.

#### MOST OF WORK CARVED BY HAND.

Models of Central American Temples Also to Be Shown—Fine Collection of Mounted American Animals, Fish and Birds to Be Sent to the World's Fair.

Not since the days of the Buffalo exposition has there been such a scene of activity about the Smithsonian workshops in Washington, down near the water front, as at present. Taxidermists, artists and general workmen are hard at work preparing the exhibits of the Smithsonian Institution, which are to be sent to the St. Louis exposition.

At the beginning of the present season Professor William H. Holmes, chief of the bureau of ethnology, decided to reproduce in miniature the wonderful palaces and temples of the so-called Maya, Zapotec, Quiche and other tribes of southern Mexico and Central America. He at first intended to have as many as twelve such reproductions, but the work of making these miniatures has proved so difficult that the number has been reduced to five. The difficulty has been that owing to the wealth of ornament and sculpture on these buildings it is impossible to cast the parts from molds. In most cases the miniature reproductions of these temples and palaces have simply been carved by hand from solid blocks of plaster of paris.

Three of these miniatures have been completed—the Temple of Xolchicolos in Yucatan, the palace of the old Mixtec kings at Mitla, Mexico, and the Casa del Gobernador in Yucatan, the making of which occupied nearly three months.

Work has been started on the fourth of the group, the so-called Castle of Chichen-Itza. The next to follow will be the Temple of Palenque, on the facade of which is carved the peculiar Maya cross, the symbol which so puzzled the monks and priests in the train of Cortes' army, and which caused them to argue that St. Thomas must have visited America and half-way Christianized the natives long before the coming of Columbus.

Among the Smithsonian taxidermists more rapid progress is being made. The work of mounting the big three horned giraffe is about finished, and the mounting of the Norwegian elk, the Alaskan musk ox and the Marco Polo sheep is also well under way. Mr. Charles Knight's reproduction of the big stegosaurus is also nearing completion, and the construction of the whale from the casts obtained by Professor Lucas is advancing at a rapid rate.

Dr. W. J. McGee, who recently returned from a three weeks' stay in St. Louis, where he was engaged in organizing the department of anthropology and ethnology, of which he has charge at the great exposition, says:

"While the plans for the department are not yet mature, various features of interest are under consideration. It is anticipated that the ethnologic exhibits will include several of the most striking tribes known to science. Arrangements have been practically completed for displaying family groups of pygmies and giants—i. e., the smallest and largest representatives of mankind. In order to illustrate development in the arts it is designed also to exhibit family groups of peoples still living in the stone age, others just at the beginning of metal working and others engaged in primitive pottery making, basket weaving, etc.

"One of the features contemplated is a living representative of the Yuki tribe, a race living in the neighborhood of Theodosia, the descendants of the warlike Romans who remained in Greece after the battle of Marathon. These people are of the pure ancient Roman type, and in spite of years of Turkish oppression they have never mixed either with Greeks or Turks. They now live in tents and are followed from place to place by flocks of sheep and herds of goats. Another type which I hope to secure is the pure Greek of classic days, now found only among the Epikourians in the mountains of Crete or in rare instances on the island of Corfu or the more remote islands of the Greek archipelago. These Greeks have the head and profile of the Homeric of Braxilles—large blue eyes, golden hair and are giants in stature."

In the department of fish and birds the Smithsonian is preparing a wonderful exhibit. Mounted specimens of the four wild species of chickens, the Gallus bankiva, parent of all domestic breeds; Gallus sonnerati, Gallus stansley and Gallus varius, the latter somewhat resembling a pheasant, will also be shown. There will also be shown a complete exhibit of the different species of pheasants, partridges, guinea fowls, the common Javan white and brown winged peafowls and a full exhibit of American birds, especially wild geese, cranes, herons, the common wild and ocellated turkeys, jays, robins and woodpeckers, among the latter being the giant woodpecker of Lower California and northern Mexico.

The official gazette of the East African protectorate announces that free grants of unoccupied land a mile on each side of the Mombasa-Uganda railway will be given until further notice.

**New Bank Notes.**  
So far this year the contracts let for the construction of new railroads aggregate 16,514 miles against 6,125 miles built in 1902.

## HUMOR OF THE HOUR

### The Goat That Got Papa's Hat.

From Rockaway comes a tale involving a pearl gray hat, a billy goat, a small boy, a fond papa and the sea. The fond papa owned the pearl gray hat, and it really was a thing of beauty. One day he was promenading the beach with his little son, and the wind cruelly swept the hat into the ocean.

Two days later the small boy saw a young man driving a miniature laundry wagon drawn by a sturdy billy goat. On the goat's head was a pearl gray hat, a trifle dilapidated, with holes pierced to admit the passage of the goat's horns. The small boy recognized that hat.

"Hold on, there!" he shouted. "That goat's got my papa's hat."

The driver stopped, and the fond papa came up to see what was the matter.

"Papa, the goat's wearing your hat," sobbed the small boy.

"I fished the hat out of the surf," explained the driver, who was inclined to dispute possession. "I claim it's mine—of the goat's."

"Well," said the fond papa as he gazed ruefully at his lost headgear, "I've bought a new hat, but the goat can have that one. The devil himself wouldn't take it, and he wears horns, too, I've heard."—New York Press.

**Future Details.**  
"My father doubts your ability to surround me with the luxuries to which I have been accustomed," said the heiress.

"Aren't such discussions untimely?" rejoined Baron Fewcash. "We can agree on such details after we ascertain the size of the dowry."—Washington Star.

**An Explanation.**  
"I wonder what it is that prompts the women to be more constant attendants at church than the men."

"Gratitude, no doubt," replied the crabbed bachelor. "The church usually aids and abets them in committing matrimony."—Philadelphia Press.

**Right in It.**

"Why is Tom so popular with the girls?"  
"He is a planter."  
"Planter? What in the world does he plant?"  
"Kisses."

But spin the lot In just the style That made the lot And surrounded me When I was a chap In Barnum's show, Dressed as a Jap. Oh, don't you know, Tamed snakes and things To make you shrink In all three rings For 'tis a week.—Judge.

## THE LATEST IN DANCES

### Most Popular Ones Selected by Dancing Masters.

#### MAXIM GLIDE EASILY LEARNED.

It is to be the fashionable dance this winter, says a New York special to the Philadelphia Public Ledger. It is the creation of Oskar Duenweg, of Terre Haute, Ind. The new dance has to recommend it simplicity of movement. It was presented to the American Society of Professors of Dancing and was given the sanction of that body. The Maxim glide is so easy, indeed, that upon seeing it executed once the ordinary observer with little knowledge of the graceful art can duplicate it successfully. The dance, as illustrated by its author, Professor Duenweg, begins with a military schottisch position—that is, the man and the girl facing the same direction, the man's arm just touching the girl's waist, while her left hand rests on his shoulder. Her free hand grasps her train, while the man's disengaged left rests on his hip. In the first part of the dance count four to each bar of music; in the second part, only two. The man with left foot balances forward and back, starting in fifth position, while the lady counterparts with right. They take three walking steps forward, then repeat the first step, the man with the right, the lady with the left foot.

In the second part, counting two to each bar of music, they dance the two-step to schottisch time. Professor Duenweg, after illustrating his dance, said that he based his hopes of success for the Maxim glide on its extreme simplicity. "People, society people especially," he said, "won't take the trouble to learn new dances if they are at all difficult. This they can get up and dance after seeing it gone through once. The dance is really just a walk and a two-step. I regret to say that society does not wait any more. It won't take the trouble. When waltz music is played they twostep, and when a twostep is on the programme they romp. This makes the invention and selection of new dances no easy matters, for we know that people won't learn dances chosen by the convention if they are difficult to learn."

The Manhattan, the new polka by Professor George Prutting, Jr., of Hartford, begins with the couple in a promenade position. Polka one step forward with left foot, then one forward with right foot, make a complete turn and polka; then dance the glide polka, ending with three half turns and repeat first movement. The trovata, the third dance, submitted by T. A. Holland of Springfield, Mass., is danced to polka-mazourka time. Taking a promenade position, the couple varsovienne—three steps and point-forward. Gentleman then varsoviennes back of his partner to the right and then repeats movement to left. The couple then varsoviennes forward together, take a waltz position and complete the dance with a plain mazourka.

Besides these three, the convention has considered the Columbian three-step, by Frederick W. Lamoureux of Birmingham, N. Y.; the wayside gavot, by Helen C. Way of Hartford; the gavot waltz, by D. B. Brenneke of Indianapolis; follow on, a charming dance for children, by Adolph Newberger of New York, and new German figures by George Prutting, Jr.; Walter Curtes of Utica, Henry Kramer of Los Angeles and William Pitt Rivers of Brooklyn.

**HAWAII'S TRADE IN FROGS.**  
Imported to Eat Insects, They Are Now Exported For Money.  
Hawaii has commenced exporting frogs to the mainland, says the Honolulu correspondent of the Chicago Interior Ocean. The industry, which was started at first to rid the islands of pests, has now become a paying one. Frogs were introduced into Hawaii only a few years ago by the agricultural department to get rid of insect pests which were injurious to vegetation. Later a Hilo man imported six dozen for breeding purposes. From the latter stock the frogs now exported have come. Shipments of 1,000 frogs a month are now being made to San Francisco and will be increased, for the supply does not now equal the demand. Many of the frogs are also sent to Honolulu for hotel use. They sell for \$1 a dozen in Hilo.

**A War Memorial at Plevna.**  
It is announced, according to the Odessa correspondent of the London Standard, that the house at Plevna in which the czar liberator temporarily resided has been purchased by the government of the principality and will be converted into a memorial war museum, bearing the name of Alexander II. The Bulgarian government has also bought the house at Sibovo in which General Count D. A. Milutin, the Russian war minister, resided during the struggle for the liberation of the Balkan Slavs. The grounds around both houses are to be laid out in handsome parks and ornamented with 100 guns captured from the Turks at Plevna, the Balaclava and Rastchuk. Thirty-five Russian soldiers, killed by Count Milutin, will next year be present at the opening of the memorial museum at Plevna and Sibovo.

## SALMON CATCHING CENTERS.

The six chief salmon catching centers on the Pacific coast, in the order of the quantity of fish packed, are Alaska, Puget sound (British Columbia), the Columbia river, the Oregon coast, the Washington coast and the California rivers. About four-fifths of the entire catch was in American waters, one-fifth in Canadian. For their extent and importance—the annual product now being worth over \$20,000,000, employing an army of men and millions of capital—the Pacific salmon fisheries are of surprisingly recent development. Like every industry in the northwest, they have seemingly sprung into importance overnight—yesterday nothing, today a business of worldwide recognition.—Ray Stannard Baker in Century.

**The Japanese Emperor's Sanctity.**  
A monarch, or, rather, chief of state, who has never had his portrait impressed upon the coinage or printed on the stamps of his country is his imperial majesty Mutsu Hito, emperor of Japan. This abstinence is not due to any clause in the constitution, but rather to the fact that in Japan the emperor is far too sacred a person to have his portrait scattered about wholesale. In Japan the portrait of the emperor is considered quite a sacred possession, and it seems very strange to Japanese gentlemen visiting Europe to see the way in which real portraits of the reigning sovereigns are offered for sale. In Japan crude drawings from imagination are sold, but photographs not at all.

**A Lost Opportunity.**  
John Fox, Jr., author and strummer on the gentle guitar, is also an athlete of no mean prowess, though he does not look it. One day, on a train, with true Kentucky chivalry he called a drummer down for annoying a lady. The drummer resented the interference. "For half a cent," he said menacingly, "I would break your face."

Fox looked him good and hard in the eye, went down into his pocket, came out with a cent and proffered it to the offender, said: "There's a cent. Break my face if you want to and keep the change."

Mr. Fox's face remained intact.—Collier's Weekly.

### IN HONOR OF MRS. BROWN.

Among the numerous social affairs given in honor of September's brides none has been more delightful than the post-nuptial entertainment tendered yesterday afternoon by Mrs. William Barr Brown to her friend of Athens school days, Mrs. Nellie Hill-Brown. The bright, scarlet flowers and graceful vines used in decorating the reception rooms seemed most appropriate to the autumn-like day and emphasized the glow of hospitality. The guests were for most part members, with the bride, of that congenial coterie, the Fine Point club, and they proved their familiarity with all that pertains to needle craft in an observation test that was made by placing before them for one minute a stand filled with forty articles that filled properly belong upon a work table, and then allowing five minutes to write a list of the items. Mrs. Joy's list being most nearly complete, she was awarded an ebony and silver darning. A second contest was the menu for the bride's wedding breakfast, the souvenir, a finely decorated plate, being drawn by Miss Browning, and by her presented to the bride. The refreshments carried out the prevailing color scheme and ended the afternoon's enjoyment. A previous function in Mrs. Brown's honor was given by Mrs. H. M. Havenhill, where the members of the Fine Point club showered various kitchen utensils upon her and as a final gift presented a handsome silver candelabra.

### THE DEATH RECORD.

#### TOMLINSON.

Thursday morning Mrs. Joseph Tomlinson passed peacefully away at Passavant hospital. Aug. 22 she had a severe fall, which dislocated a hip, and resulted in serious internal injuries, finally causing death after much suffering, which was borne with heroic, Christian fortitude.

Mrs. Tomlinson, whose maiden name was Eliza Jane Apple, was born in Philadelphia, July 3, 1833, and lived there until maturity. She enjoyed the advantages of schools and other privileges afforded by the city in which she lived and grew to a beautiful young womanhood. In '59 she was married to Joseph Tomlinson and the two lived in the City of Brotherly Love for three years, when Mr. Tomlinson concluded that he could do better in the west, and with that idea he started out and in due time arrived in this city, which pleased him so much he went back and brought out his young wife, and with the exception of nine months spent in Aurora this has been their home for forty-eight years. Early in life she was converted and united with the Methodist church and on her arrival in Jacksonville she hastened to hand in her letter to what was then the West Charge, now Grace, and from that time until the present she has been a faithful and consistent member. Her place in the sanctuary has been occupied, except when duty or disability kept her away, and she has always cheerfully contributed of her means, her time, her sympathy and all else toward carrying on the good work.

Their home was gladdened by the presence of four interesting children, Hannah L., Edmund Y., Joseph and Theodore M. All grew to maturity and all except the last named have preceded their mother to the other world. She is also survived by her husband, two sisters and two brothers in Philadelphia and a brother in Mountaine, Pa., not far from Altoona.

Mrs. Tomlinson was a lady possessed of a peculiarly lovely character. In society she was always popular and attractive and her ways were winning and her disposition genial and pleasant, while the taste she always manifested in her dress and general appearance was such as to make her popular and attractive. At home she was a good, kind neighbor, while her domestic life was beautiful from the day she plighted her troth to the man she loved down to the time of her death. She was especially devoted to her dear ones and they were peculiarly dear to each other. She was a faultless housekeeper and her fireside was always attractive, so that her children had no temptation to go astray. Between her and her husband the tenderest ties ever existed and their devotion to each other was constant and tender. In all places she will be missed, but most at home and by him with whom she trod the path of life for over half a century, and the afflicted ones will have the tender sympathy of all who know them.

No arrangements for the funeral have as yet been made. Mr. Tomlinson is anxious to have present his sister, who lives in Aurora, and she has not yet been heard from, being away from home.

#### HERMES.

The funeral of the late Mary Hermes was conducted from the St. Mary's Catholic church of New Berlin at 10 o'clock Thursday morning. Rev. Father Mohr had charge of the services. A large number of friends and relatives were in attendance and the floral offerings were many. The interment was in the Catholic cemetery of New Berlin, and the bearers were: Rosy Luby, Francis Marley, Gertrude Hermes and Louise Hermes.

#### AFTERNOON COMPANY.

Mrs. Parker Doan entertained a limited company of guests Thursday afternoon at Bellevue farm in honor of Mrs. J. W. Walton. The afternoon was spent in a most delightful manner and the cordial hospitality of the Doan home was thoroughly enjoyed. Light refreshments were served.

### TEACHERS WILL MEET

Four County Institute Will Hold  
Two Days Session Here Oct.  
29-30.

A meeting of the superintendents of the four counties of Greene, Scott, Morgan and Pike was held at Chapin Thursday morning at 10 o'clock to arrange for the meeting of the Four County Teachers' Institute. It was decided to hold the meeting in Jacksonville at the high school Oct. 29 and 30. Superintendents Johnson, Walker and Jones are arranging a very interesting program.

One of the days a high school sectional meeting will be held and an exhibit of school work will be given. The committee having this feature of the program in charge is composed of L. A. Fulwider, chairman; H. G. Russell, of Greenfield; B. F. Parr, of Winchester, and W. H. Meyer, of Griggsville.

### FRIGHTFUL WRECK

Engine and Three Cars Crash  
Through a Bridge Near  
Petersburg on C. P.  
& St. L.

A frightful wreck occurred on the Springfield division of the C. P. & St. L. railroad near Petersburg Thursday, about 4:15 o'clock. Engine No. 117 crashed through a bridge fifty feet high, killing Engineer Jacob Warner, who was on his second run.

A section gang were at work on the bridge and had removed a rail when freight train No. 46, in charge of Conductor O'Brien signaled. A flagman had been sent forward to warn all approaching trains, but the grade is very steep near the bridge and Engineer Warner thought he could pull on to the top of the hill and still stop his train before reaching the bridge. He missed his calculation, however, and the train of cars back of the engine came with such force the brakes of the engine were powerless and the train came crashing onto the bridge. When the engine struck the place where the rail had been it toppled and went over the side, falling fifty feet into the Sangamon river. It struck on a stone buttress, pinning Engineer Warner between the buttress and his engine, killing him instantly. Late last night the wrecking crew had been unable to extricate his body, which is probably horribly mangled.

The fireman of the engine jumped before the bridge was reached and escaped uninjured. With the engine went two cars of cattle and one car of beer. The poor dumb beasts were precipitated into the river and those who did not meet with instant death were frightfully wounded and their groups added horror to the scene.

It will be several days before the bridge can be repaired and in the meantime the St. Louis and Florida freights will be run over the Havana-Jacksonville division of the C. P. & St. L. system and from here to Waverly, where they will connect with the Great line.

### CITY COUNCIL

#### A Short and Harmonious Meeting

Regarding the meeting of the city council Thursday night it can hardly be correctly said, "a short horse is soon curried," for there was some business to be transacted, but other attractions were too strong for several members.

The meeting took place at the usual time and was called to order by Clerk George W. Scott, pro tem, who called the roll and found present Aids. Babb, McGinnis, Higgins, Ticknor, Goveia, Hildreth, Johnson and Vaughn. Absent, Aids. Doolin, Kennedy, Cobb and Moore, and the mayor.

Ald. Goveia was chosen mayor pro tem and the council adjourned sine die.

As the members were passing out about 7:45 or 8 o'clock Ald. Kennedy came puffing up the stairs, but too late to participate in the proceedings. Judge Kirby and his clients were there for the purpose of ascertaining what the council would do with the Widenham-Daub proposition to supply the city with water, but they will probably have to wait for a called meeting or until the next regular two weeks hence.

#### NOTICE.

All accounts on Dr. Buckthorpe's books are now due and payable. Please pay the attendant in the office during the doctor's absence.

#### STRIKE SETTLED.

The poultry dressers' strike was settled amicably Thursday afternoon. The managers of the three companies agreed to give the strikers a 2½ cent raise on all hour work, but refused to grant the demand of 2½ cents for all chickens. On the strength of this the strikers went back to work. The managers of the companies claim they have lost no money during the strike.

#### WEDDING ANNOUNCED.

Mrs. Anna E. Roach has issued invitations announcing the marriage of her daughter, Jennie Margaret, to Herbert Joseph Capps. The wedding will take place at Grace church at 8 o'clock on Thursday evening, Oct. 1, and will be followed at 8:30 by a reception at the home of Mr. and Mrs. Joseph L. Capps.

#### FLEEING FROM FLOOD.

LaCrosse, Wis., Sept. 17.—Hundreds of families in the district adjacent to LaCrosse are fleeing to the hills which skirt the Mississippi to escape the floods which are sweeping the Mississippi valley. Upon advice of the United States weather bureau station here to day police were detailed to warn residents of surrounding lowlands that the worst flood in the history of the state will strike LaCrosse to night or early to morrow. Mounted couriers were dispatched in every direction and it is believed the warning was sent early enough to prevent loss of life.

#### PLENTY OF WIVES.

Chicago, Sept. 17.—Harold C. Mills was to day convicted of bigamy and sentenced to five years in the penitentiary, besides a fine of \$1,000. Three women who had been married to Mills were in the court room when the verdict was rendered, one from Detroit, one St. Louis, the third Chicago.

#### RESULT OF FAST RUNNING.

St. Johnsbury, Vt., Sept. 17.—An automobile speeding at the rate of 50 miles an hour at the Caledonian county fair grounds to day dashed over an embankment fifteen feet high, causing the death of Herbert Lampere. Two others were severely injured.

#### WILL ERECT A TEMPLE.

Louisville, Sept. 17.—The supreme lodge Knights and Ladies of Honor adopted a resolution providing for the erection of \$50,000 temple for national headquarters at Indianapolis.

#### WENT ASHORE.

Holland, Mich., Sept. 17.—The steamer Joe, cargo of fruit, went ashore south of this harbor. The crew was rescued.

#### SALISBURY'S WILL.

London, Sept. 17.—The probating of Lord Salisbury's will to day showed he left an estate valued at \$1,511,000.

#### USED FOR PNEUMONIA.

Dr. C. J. Bishop, of Agnew, Mich., says: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." Heine substitutes, J. A. Obermeyer, City drug store.

## "Clothes Don't Make the Man"

WELL, perhaps not altogether, but they frequently go a long way towards it. Haven't you noticed how much better you have felt when well dressed, when you had on a good looking, well fitting suit; how much better able to face the world as a man; in other words, how much more manly you felt?

It is always so; you can approach a man on business with far more assurance, and you will make a stronger impression on him when you are correctly dressed. Many a man has begun his upward career in business with a smart suit of clothes, and if you buy the right kind, they don't really cost so much.
